Summary

Software Developer skilled in Python, Java, SQL/NoSQL, and Flask, with expertise in DSA, AI/ML, Gen AI and data analysis using Python libraries. Building scalable and data-driven solutions.

Education

New Horizon College of Engineering
Bachelor of Engineering in **CSE**
CGPA : 9.44(Till 5th Sem)
Expected by June 2027

VKJ PU College , Siruguppa, Bellary
Board of Karnataka : KSEAB
Percentage : 90.5%
2021-2023

Skills

- **Languages:** | Python | Java | MySQL |
 - **Tools:** | Tableau | PowerBI | MongoDB | Data Analysis |
 - **Platforms:** | Jupyter Notebook | Visual Studio | Cursor |
 - **Web Technologies:** | HTML | JS | Tailwind(CSS) | Flask |
 - **Others:** | Data Structures | OS | Networking | Machine Learning |
-

Projects

Village Digital Tutor

- Built a web-based learning platform for rural education, enabling course delivery, assessments, attendance tracking, and academic progress monitoring.
- Developed multilingual learning support and interactive assessment features to improve accessibility and learning effectiveness for students from diverse backgrounds.
- Engineered a scalable Flask-SQL backend with structured data management for content delivery, performance tracking, and real-time student progress reporting.

Career Intelligence Platform

- Developed an AI-powered Career Intelligence Platform for placement prediction, resume intelligence, and career readiness assessment using Machine Learning and Explainable AI.
 - Built skill gap analysis, role matching, and personalized career roadmap modules by integrating placement, resume, and job-role datasets.
 - Performed feature engineering and SHAP-based model interpretation on 250K+ candidate records, providing data-driven career recommendations and employability insights.
-

Certification

- SCALER Topics of DBMS course – Fundamentals and Advanced Concepts ([Certificate](#)).
- NPTEL Certificate (IIT-Certified) - Fundamentals of Artificial Intelligence ([Certificate](#)).
- Machine Learning (IIT-Bombay) - Python for Machine Learning Training ([Certificate](#)).
- NPTEL Certificate (IIT-Certified) – Blockchain and its Applications ([Certificate](#)).
- SAP Certified – SAP Generative AI Developer ([Certificate](#)).
